

Prayer Flags for Nepal were created to spread light on those affected by the earthquake, including our flag makers in Kathmandu. Nepal is a land where many prayer flags fly; it seemed fitting to generate more blessings for the people.

The set is 8.5 x 11 and can be printed on any home printer. You may also print and transfer the flags to fabric if you choose.

These flags may not be reproduced for profit. Artwork ©West Wind Flags 2015

*May all our loving prayers
be carried on the wind to
Nepal, a spiritual center of
the world.*

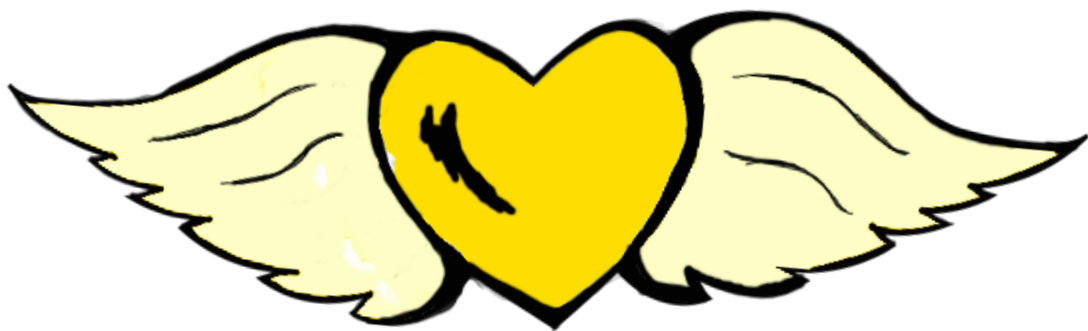

*May oceans of compassion
surround all who are
suffering.*

*May the blessings of the
Buddha and all the Deities
shine on the people of Nepal.*

*Gratitude to all aid
organizations and relief
workers, and to those
with open, generous hearts
supporting from afar.*

*With Grace and Courage,
like the lotus, may Nepal
rise up strong.*
